

Transform
your bathroom
with luxury
glass showers

Why choose Metro frameless glass showers?

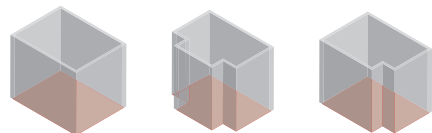

As New Zealand’s leading glass supplier, Metro has been designing, manufacturing and installing frameless glass showers for nearly 40 years. Our experience means precision, quality and confidence in every shower we create.

Metro frameless glass showers are custom made to suit your space, elevating the look of any bathroom by creating a light, open and luxurious feel. With no metal frame, they’re also easier to clean, helping reduce soap build up and maintain a flawless finish.

Designing your bathroom

1 Determine the shape and size of the space:

- How big is the space?
- Is it a square or rectangular room?
- Does it have an alcove space?
- Is there a wall that doesn’t follow a straight line?

This will start to determine the style of shower you will choose.
Metro showers are custom made to fit your space, whether it’s a new build or renovation.

2 What style of shower do you want to create:

- Should it be fully enclosed?
- Do you want an open walk in look?
- Should it be full floor to ceiling?
- Does the space allow for a hinged shower door that swings in or out, or is a sliding door more practical?

This will start to determine what type of configuration you will need.

3 Consider your glass

Shower glass comes in a range of options from standard toughened glass to ultra clear low iron glass for a cleaner, crisper look. Want to make a statement? Explore custom linings or bold digital prints.

4 Shower options

Walk In

Walk in showers are convenient and easy to access particularly in small bathrooms.

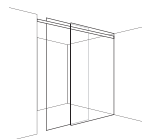

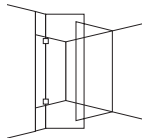

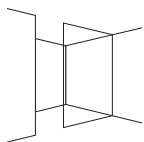

Hinged door

Enclosed showers separate the shower water from the rest of the room. There is also the ability to have coloured hinges and handles.

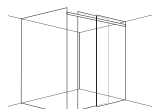

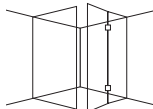

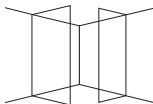

Sliding Door

Sliding doors remove the obstacle of a swinging door in tight spaces and create a more expansive shower area with easy access.

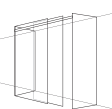

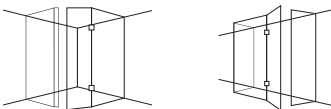

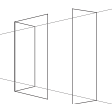

Inline Layout & Alcoves

Two sided layout

Three sided layout

Consider the space you want to create

From a simple refresh to a complete transformation, the right design choices elevate your bathroom into a space you’ll love every day.

Sliding Door Showers

Modern, stylish and practical

Sliding door showers are a smart, space saving solution that combine contemporary style with everyday functionality. Metro sliding doors feature a single 10mm toughened safety glass, suspended from a fixed side panel on elegant circular runners and a precision flat bar.

The high quality flat bar delivers a smooth, effortless sliding action, allowing the door to glide seamlessly across the opening for easy access and a streamlined appearance. To comfortably accommodate the sliding and fixed panels and achieve a generous opening, a minimum width of 1200mm is recommended.

Ask about EzyClean – our special factory applied coating that repels water, soap, and grime. Keeping your glass cleaner for longer and making maintenance effortless.

Space Saving Frameless Sliding Doors

Sliding doors are an ideal solution for smaller spaces. They remove the obstacle of a swinging door in tight areas and create a more expansive shower space with easy access.

A range of sliding door configurations allows you to enjoy the openness of a walk in shower, while still closing the wet area off from the rest of the bathroom when needed.

Hinged door showers

A hinged door offers a classic, elegant solution that suits a wide range of bathroom layouts. Designed to open smoothly on precision hinges, they provide generous access and a clean look.

With minimal hardware and flexible installation options, they're a practical choice for everyday use.

Hinged Door Showers

Our range

The range includes in line (1 sided) and box/cubicle showers (2-3 sided), secured into a discreet shower channel offering a sleek and streamlined appearance, with minimal hardware.

Hinged doors enhance the sense of openness while remaining practical for everyday use. Ideal where space allows for outward opening.

Ask about EzyClean – our special factory applied coating that repels water, soap, and grime. Keeping your glass cleaner for longer and making maintenance effortless.

Bath and Shower Screens

Space saving simplicity

Glass screens provide a sleek, space saving solution, taking up far less room than a swinging door while still providing effective water control. Frosted, tinted or decorative glass adds privacy without compromising style.

Available in two styles: frameless or fully framed. Frameless offers a minimalist, invisible look, while fully framed provides extra support and can be customised in chrome, black or gold to suit your bathroom design.

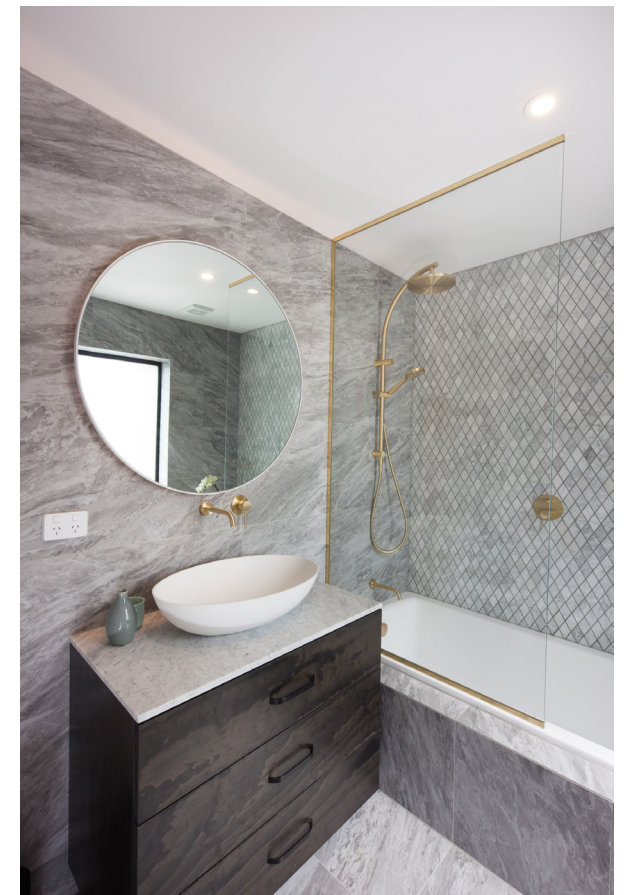

Low maintenance luxury

Easy to clean and custom made to suit your space, glass screens provide a subtle yet stylish solution.

They integrate effortlessly with both contemporary and classic interiors, making them ideal for showers over baths or open wet area layouts. Removing the unsightly and often less than waterproof shower curtains, for a more contemporary look.

Important Note: For a shower screens without a door, it is necessary to have a distance of 1500mm from the shower head to the edge of the walk in space. (NZ Building Code E3). Floors should be graded to a waste and finished with a water stop to ensure proper drainage.

Decorative Glass Designs

Digitally printed glass

Bring your bathroom to life with glass prints and showcase your favourite place, art or memories. Metro's specially formulated ceramic inks achieve extreme durability through the toughening process where the ink is infused with the glass. This ensures your custom print looks great for years to come.

Obscured glass

Enjoy natural light while maintaining your desired level of privacy. Available in different levels of obscurity, glass can be frosted, etched, textured or digitally printed. It can also be toughened or laminated for added safety.

Additional upgrades for your shower glass

EzyClean
Technology

Makes cleaning a breeze - say goodbye to stubborn soap and grime. Water simply beads off, cutting cleaning time by up to 90%. A quick wipe with water, detergent or a microfibre cloth is all you need.

EzyClean creates a durable, invisible shield on your glass and comes with a 10 year warranty for peace of mind.
